

SPRING SUMMER 16

MERYL ELITE

Lightness and
Elasticity on Top

meryll®
elite

Meryl® Elite is synonym of lightness. Remarkably thin and elastic, it is able to offer a unique second skin sensation achieving maximum comfort standards.

Ideal for Covered Yarns

Meryl Elite is the perfect partner to cover elastane and Meryl Elite Stretch offers an easy and efficient solution for covered yarns. Their high quality standards will assure unbeatable results.

Finest Microfilaments

Its finest microfilaments contribute to create unbelievably light garments, unnoticeable on the skin, offering superior comfort.

Second Skin

Used as the main garment yarn, Meryl Elite's natural stretchability and softness gives garments an incredible touch and feel on the skin. It allows a total freedom of movement, ideal for an active lifestyle.

High Resistance

Despite its lightness, Meryl Elite is impressively resistant. Thanks to its natural elasticity it will maintain its shape even after repeated usages.

Markets & Applications

Meryl® Elite is highly demanded to cover yarns. Its superb resistance, lightness and elasticity brings maximum comfort standards becoming the favorite for the hosiery market.

Meryl Elite main properties

Certified by Meryl[®] Lab

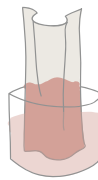

Weightless

Meryl Elite microfilaments provide extremely light and comfortable fabrics. 10 Km of Meryl Elite can be as light as 22 grams.

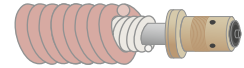

Shape retention

Despite its lightness, Meryl Elite's stretchability gives a perfect fit and maximum comfort even after repeated usages.

Easy to dye

Meryl Elite offers impressive good results when dyeing, easily retaining all color intensity.

Ideal to cover

Because of its quality and natural stretchability, Meryl Elite offers extremely good results when working with yarn covering machines.

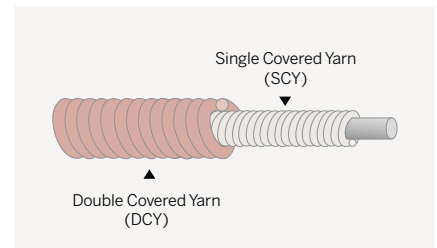

Meryl Elite Stretch, premium covered yarns

Discover the last generation of covered yarns proposed by Meryl Elite Stretch. Resistant, light and incredibly elastic. Single covered and double covered to achieve unbeatable results.
