

SPRING SUMMER 16

MERYL HYDROGEN

Delicate softness
and hydration in its
purest state

Meryl[®]
hydrogen

Meryl® Hydrogen is a premium microfiber that possesses superb volume and irresistible peach touch while hydrating your skin.

Peach Touch

Its special production process provides fibers with an irresistible soft touch and visual appeal.

Ultimate comfort

Thanks to its outstanding elasticity, Meryl Hydrogen provides your skin with an indistinguishable comfort.

Extraordinary light-weight volume

Light as a cloud thanks to Meryl Hydrogen. Its superb volume offers ethereal lightness with an incredible hand-feel.

Extra benefits

Meryl Hydrogen helps your skin to be balanced and illuminated in every moment of your life with the most delicious softness.

Markets & Applications

Meryl Hydrogen's superb volume and exquisite peach touch is highly demanded in the Intimates and Sport market, as it gives a unique softness, hydration and comfort.

Meryl Hydrogen main properties

Certified by Meryl[®] Lab

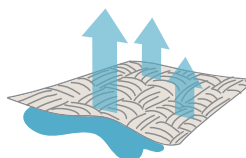

Hydration

Thanks to its special production process, Meryl Hydrogen provides skin with an extremely hydration effect.

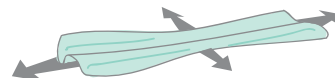

Antistatic

Meryl Hydrogen, because of its natural moisture, inhibits the buildup of static electricity.

Breathability

The construction of Meryl Hydrogen microfibers allows the passage of air and moisture, resulting in fantastic breathable fabrics.

Elasticity

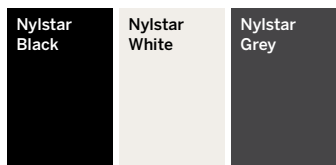

Excellent comfort due to Meryl Hydrogen's inherent stretch and recovery.
